

PerCAM-2013 Workshop Program

Tuesday, December 3rd, 2013

08:30	Registration(Room B0.02)
09:00	Context Modeling and Reasoning (Room B0.04) 09:00 Modeling Context-Awareness in a Pervasive Computing Middleware using Ontologies and Data Quality Profile <i>Sandra Rodríguez-Valenzuela, Juan A. Holgado-Terriza, Plamen Petkov, Markus Helfert</i> 09:30 Applying Semantic Web Technologies to Context Modeling in Ambient Intelligence <i>Alexandru Sorici, Olivier Boissier, Gauthier Picard, and Antoine Zimmermann</i> 10:00 Modeling the Urban Context through the Theory of Roles <i>Claudia Liliana Zuniga Canon and Juan Carlos Burguillo Rial</i>
10:30	Context-aware systems (Room B0.04) 10:30 Fiware infrastructure for smart home applications <i>Alia Bellabas, Fano Ramparany, Marylin Arndt</i> 11:00 An Open Architecture to Enhance Pervasiveness and Mobility of Health Care Services <i>Ivan Corredor, Paula Tarro, Ana M. Bernardos, and Jose R. Casar</i> 11:30 Proximates – A Social Context Engine <i>Hakan Jonsson and Pierre Nugues</i> 12:00 Context-Aware Systems and Adaptive User Authentication <i>Kimmo Halunen and Antti Evesti</i>
12:30	Lunch (UCD Main Restaurant)

14:00	Context-aware Applications (Room B0.04) 14:00 An Ontology-Based Context-aware Mobile System for On the-Move Tourists <i>Saleh Alhazbi, Linah Lotfi, Rahma Ali, Reem Suwailih</i> 14:30 Ubiquitous Applications Over Networked Femtocell <i>Hajer Berhouma, Aicha Ben Salem, Kaouthar Sethom</i> 15:00 Perspectives and application of OUI Framework with SMaG Interaction Model <i>Sara Nabil, and Atef Ghalwash</i>
18:00	Welcome Reception (UCD O'Brien Centre for Science Atrium)
